EXTREME AIRCRAFT & PRECISION CLEANER

19413412	Quarts	13412		12	31 lbs.
----------	--------	-------	--	----	---------

Extreme Simple Green®, Simple Green's new aircraft and precision cleaning product, cuts through tough, built up grease, oil, dirt, pollution, insect residue and impact soils. We've found no other aircraft-approved product on the market that matches Extreme Simple Green's cleaning performance. Yet, it causes no harm to aircraft structural metals, plastics, paints, or coatings. Extreme Simple Green gets its superior cleaning from a unique "triple play" cleaning formula. Two high performance surfactants and a new generation grease lifter/cutter combine to get the soil away from the aircraft surface quickly and then keep it away so that it can be cleanly rinsed away. Extreme Simple Green's speed of grease cutting and its high capacity to hold grease, oil and soils in solution during cleaning and rinsing time are the keys to performance. This equals fast cleaning and no-redeposition, but Extreme Simple Green is also able to go into oil/water separators and have oil break from solution.
